

Driving operational excellence to achieve net zero

OEUK
DECARBONISATION CONFERENCE 2023

We
**PLAY
BIG**

We thrive on
**EMOTIONAL
AGILITY**

**Courageously
tackling the greatest
challenge of our time,
to bring the world the
energy it needs in the
most responsible
way ever imagined**

We are
**FANATICAL
ABOUT
PERFORMANCE**

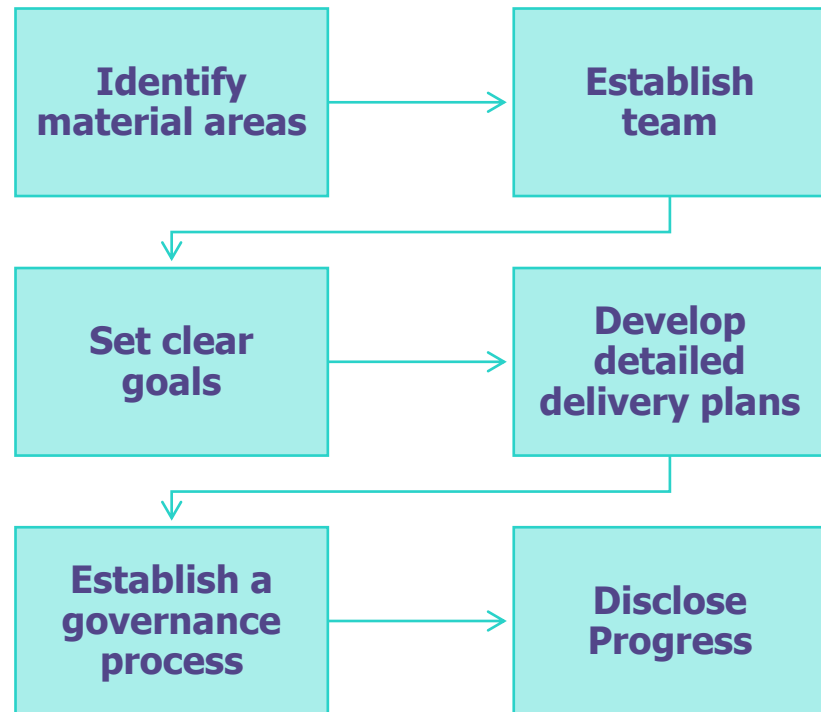

We are built on
**INFINITE
THINKING**

Our collective ambition

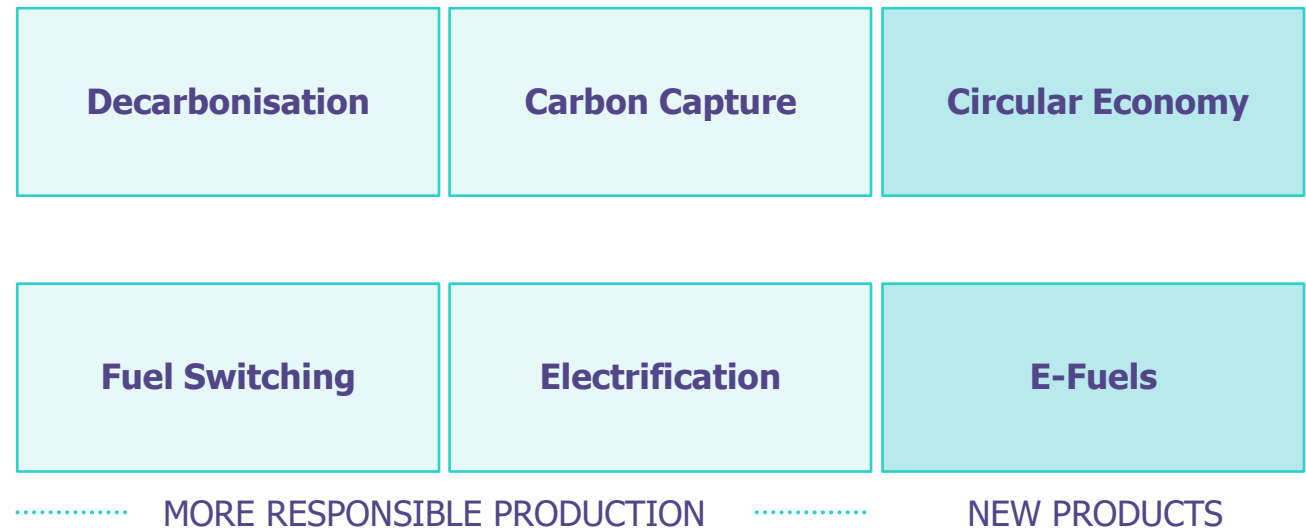

Our approach to net zero

Internal Focus

Net Zero by 2040

External Focus

Providing new product solutions while helping to achieve Net Zero targets

WAVE 1

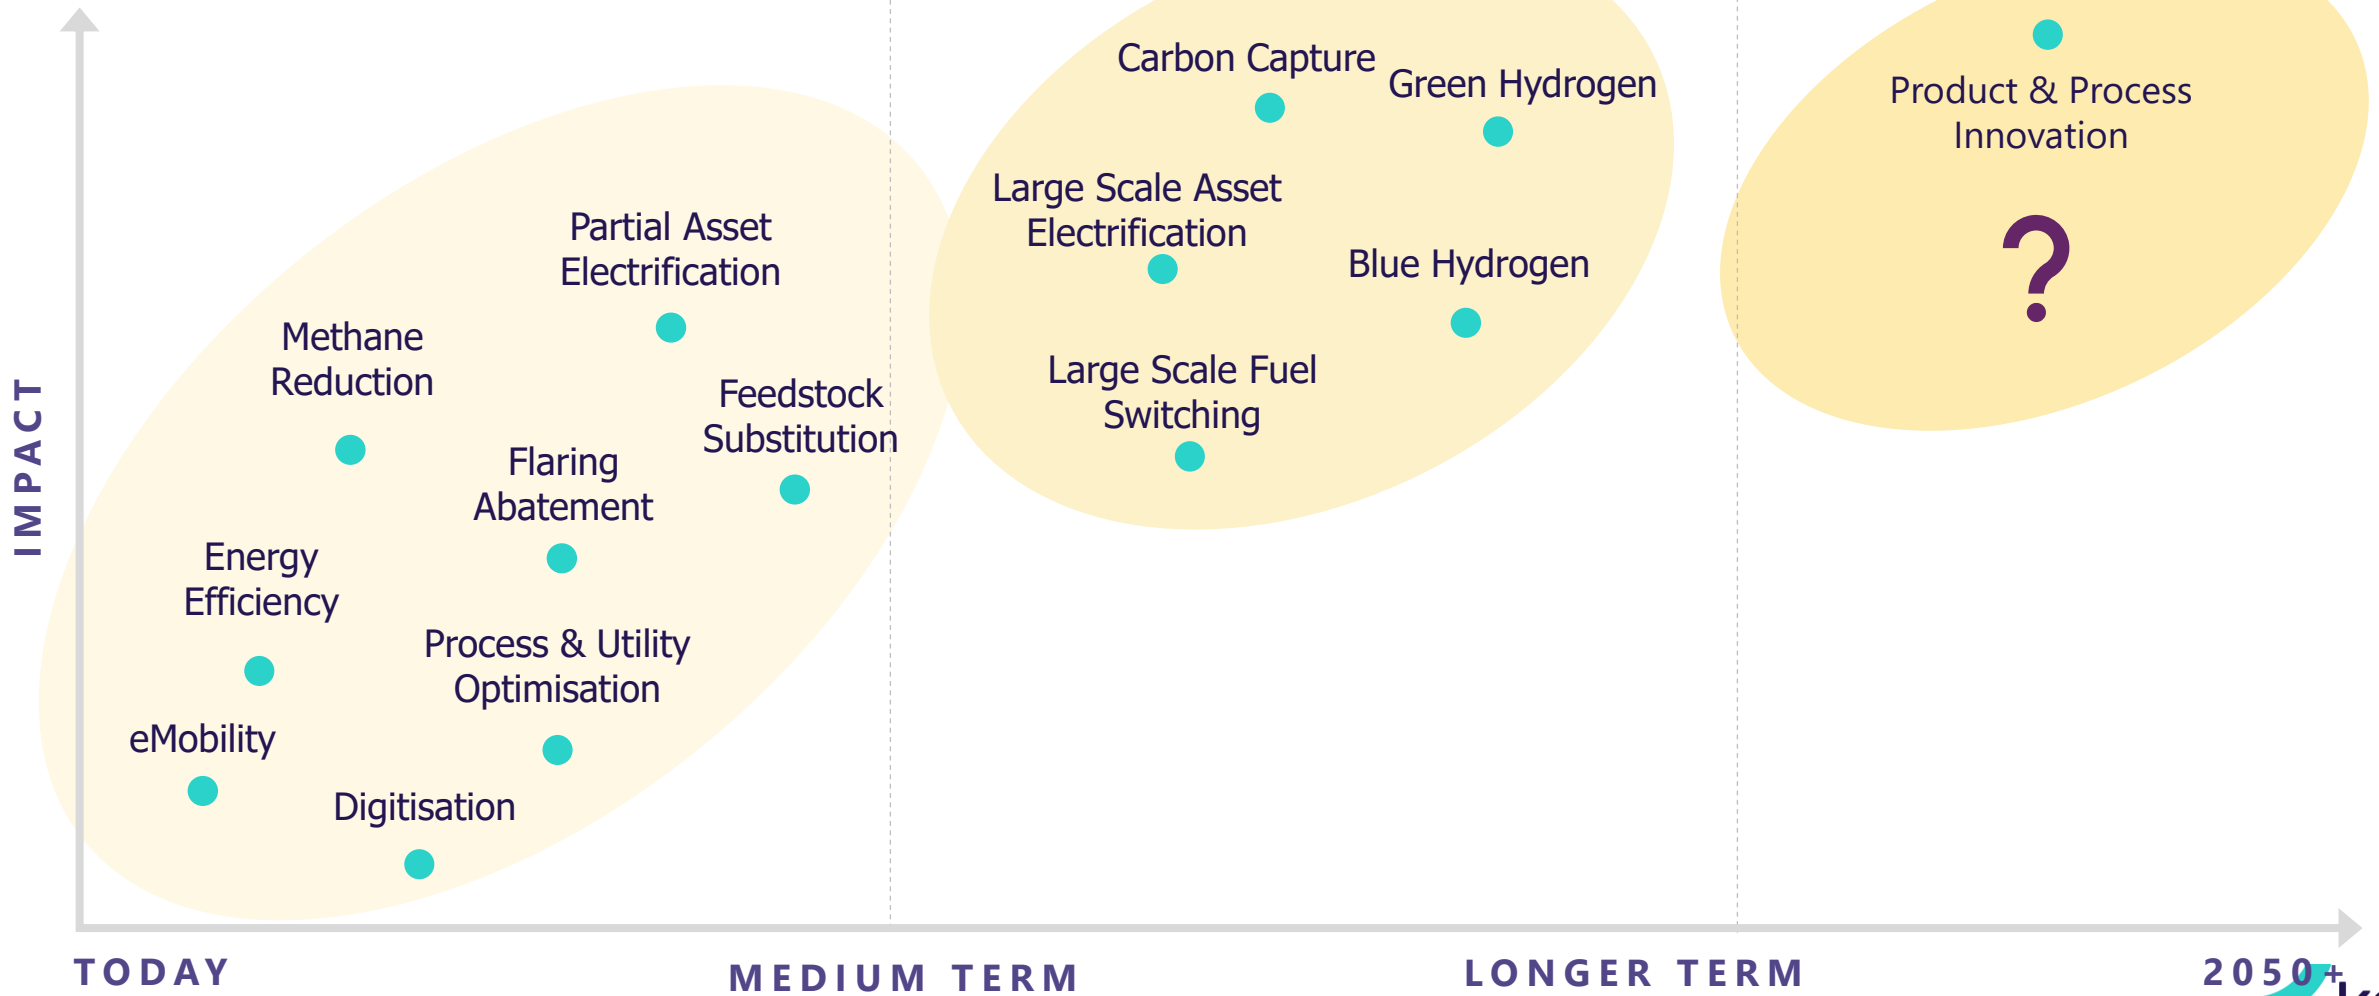

Business As Usual:
Making the Energy Transition

WAVE 2

Business Unusual:
Collaboration

WAVE 3

Business Unknown:
Innovation & Uncertainty

Challenges

- Volatile **government policy**
- Lack of **transparency**
- Lack of alignment with **recognised standards**
- Economics and **inflationary factors**
- Pace of **technology development**
- Unconstructive **dialogue**

Collaboration is the key to **success**

- Sharing **knowledge** and best practices
- **Interdisciplinary** approaches
- Leveraging **resources** and **expertise**
- Building **partnerships** and **networks**
- **Co-creating** solutions with **stakeholders**
- **Scaling up** successful initiatives
- **Influencing policy** and governance

THANK YOU
